

PAULSA BINS LIMITED

'Garbage in, garbage out'

COMPANY PROFILE

INTRODUCTION

Paulsa Bins Ltd is a locally registered company founded on 1st April 2017, specializing in providing environmental services with a view to being a leading player in the industry. It is located in Dagoreti Waithaka.

VISION

To provide environmental services with excellence. To be a leading player in the industry. Committed to a cleaner, healthier environment.

MISSION

Providing peerless environmental management service with a goal to serve a satisfied clientele and focused to realize a cleaner, greener environment.

OBJECTIVES

- Peerless services to its clientele
- Sustain a smooth and steady growth in the environmental management sector.
- Offer unparalleled advice and service in our areas of specialization.

SERVICES OFFERED

- Garbage collection and disposal
- Supply of bin liners

GARBAGE COLLECTION AND DISPOSAL

We collect and dispose garbage from both the residential and commercial sectors. We have divided the entire Nairobi region into zones such that both the collection of garbage and marketing of these services are done hand in hand. We endeavor not to leave any area within our operation zone unvisited. This is made possible by a well maintained and serviceable fleet of trucks coupled with a dedicated and professional workforce.

All collections are recorded on a collection record sheet stating time spent on client's premises, the number of bags collected. This record for each client maintained, and is available on request.

Note: All our services are tailor-made to fit each and every one of our client's requirements and circumstances without compromising on our standards. Disposal of garbage is done at City Council approved dump sites only.

SUPPLY OF BIN LINERS, SKIPS AND DRUMS

For residential houses, we provide 80 gauge bin liners in which to put garbage awaiting collection. For residential estates, we provide skips and/or drums and also collect on call-basis.
